Supplemental Type Certificate

Number SA1396SSO

This cer
tificate
issued to

C-MODS, Inc.
P. O. Box 15388
Durham, NC 27704

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 of the Civil Air Regulations.

Original Product--Type 3A12
Certificate Number :

Make : Cessna
Model :
: *See Page 2

Description of Type Design Change:

Remove drain plug, Cessna Part Number AN814-3DL, from the fuel selector valve, and replace with CAV-180 (MT-1072-77) or CAV-180H-4 (CM-172-77) in accordance with instructions dated January 12, 2004, or later FAA revisions.

Limitations and Conditions :

This approval should not be extended to other airplanes of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will produce no adverse effect upon the airworthiness of that airplane.

The following placard, located on the instrument panel in clear view of the pilot is required when this drain is installed. "This aircraft is equipped with a belly drain. Drain daily or before each flight."

Date of application: : November 8, 1982

Date of issuance: December 23, 1982

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
